

## CD &amp; CD/MP3/WMA RECEIVERS

Blaupunkt RPD555 *Lots of features and power!*

Blaupunkt packs a tenacious AM/FM tuner, a feature-laden CD section, and a powerful built-in amplifier into its attractively-priced

RPD555 CD receiver. You'll appreciate the little conveniences like the detachable face, seek tuning, scan tuning, preset scan, CD repeat, and CD random play. You can even check the clock when your car's ignition is off! The bright numbers on the blue display are easy to see at any time of day or night.

Source tone memory stores different bass and treble levels for CD and radio. For big bass performance, you'll find a set of preamp outputs to simplify adding an external amplifier and subwoofer. Press the attenuator button, and the volume will drop to the background level of your choice. Press it again and the volume jumps back up to the original level.

**Size E** **Depth 7 1/4"** **Key Features:** Detachable face • blue display • ORC V tuner • 18 FM/12 AM presets, including travel presets • seek tuning • station and preset scan • one set of 3-volt preamp outputs • loadless • source tone memory • intro scan • selectable attenuator level. **Specs:** 25 watts RMS/55 peak x 4 channels • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 98 dB • FM sensitivity 10 dBf • 1-year warranty.

#023RPD555 **\$159<sup>95</sup>**

New!

## Blaupunkt Miami Beach • Tampa Bay

Fire up the musical heat with Blaupunkt's Miami Beach! The fold-down face has plenty of room for the hot red and blue display. The 4-way high power gives your tunes the energy boost they need. XBass spoozes up the low frequency output, from mild to wild.

Keep the tunes rolling all day by connecting a Blaupunkt CD changer. Want to plug in your portable MP3, tape, or MD player? Just add an auxiliary input (#023AUXIN, \$12.95). The optional wireless remote attaches securely to the steering wheel.

**Size E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • multicolor display • Codem III Plus tuner • 24 presets • seek & scan tuning • travel presets • XBass • CD changer controls • front/rear preamp outputs • optional remote • (Tampa Bay includes a wireless remote). **Specs:** 25 watts RMS/50 peak x 4 ch. • CD freq. resp. 20-20k Hz • CD s/n ratio 96 dB • FM sensitivity 17 dBf • 1-year warranty.

#023MIBEACH **\$199<sup>95</sup>**

The Tampa Bay (pictured) includes a credit card-style remote.

#023TAMPABA **\$229<sup>95</sup>**#023RC09  
optional,  
\$59.95Tampa Bay  
onlyBlaupunkt Austin • MP3000 • San Jose MP41 *High-visibility blue and white display!*

Get Texas-sized sound from Blaupunkt! The Austin is packing 25 watts RMS of 4-way high power to energize your music. The ORC V tuner grabs radio stations and locks 'em down for clean reception. CD changer controls and three sets of preamp outputs give you system expandability. A detachable faceplate provides security.

#023AUSTIN **\$179<sup>95</sup>** *FREE remote, while supplies last!*

You want a Blaupunkt, but you rock with MP3s? The MP3000 plays MP3 files plus Windows Media Audio (WMA) files stored on a CD-R or CD-RW. Use the file search function and the jog dial to locate songs quickly while MP3 text information (ID-3 tag) scrolls across the display. The MP3000 also has an auxiliary input for connecting a portable player, or a "plug and play" satellite radio tuner (see page 5). It loses CD changer controls, has less power, and has only one set of preamp outputs.

#023MP3000 **\$259<sup>95</sup>** *FREE remote, while supplies last!*

The San Jose MP41 (pictured) includes a wireless remote, adds CD changer controls, has three sets of 4-volt preamp outputs and the same amount of power as the Austin. Optional auxiliary input.

#023SANJOSE **\$299<sup>95</sup>**

Austin and MP3000 now include a FREE wireless remote, while supplies last!

**Size I&E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • ORC V tuner • 30 presets, including travel presets • station and preset scan • XBass bass boost • front/rear/subwoofer preamp outputs • CD changer controls • free remote while supplies last • (MP3000 plays MP3 and WMA files on CD-R and CD-RW discs • displays ID3 tag text info • random and scan play of directory or disc contents • jog dial • auxiliary input • rear preamp outputs only • no CD changer controls • depth is 7" • free remote while supplies last) • (San Jose has 3 sets of 4-volt preamp outputs • CD changer controls • wireless remote • auxiliary input is optional — #023AUXIN, \$12.95 • depth is 7"). **Specs:** 25 watts RMS/50 peak x 4 channels (MP3000 is 23 watts RMS/47 peak) • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 98 dB • FM sensitivity 9.1 dBf • 1-year warranty.

Blaupunkt Hamburg *DigiCeiver reception!*

The Hamburg will delight you with superb sound quality in an easy-to-use package. To activate the receiver, insert your personal KeyCard™

into the slot behind the fold-down faceplate (the receiver won't operate without it). The oversized blue display has dimmer and viewing angle adjustments to guarantee visibility. It is surrounded by eight multi-function "softkeys" that reduce faceplate clutter.

Touch the "Tune" button, and the all-digital DigiCeiver tuner struts its stuff with great reception. Switch to "CD," and you'll savor this receiver's incredible sonic detail and super-clean playback. The 3-band parametric EQ allows you to tailor the sound to your vehicle's interior. Add a CD changer using the built-in controls, or a portable player using an optional adapter (#023AUXIN, \$12.95).

**Size E** **Depth 6 3/4"** **Key Features:** Fold-down face • KeyCard security • DigiCeiver tuner • 30 presets, including travel presets • seek tuning • station and preset scan • plays CD-Rs • loadless • 3-band parametric EQ • 4-volt front, rear, & mono subwoofer preamp outputs • CD changer controls • disc naming • optional remote. **Specs:** 25 watts RMS/45 peak x 4 channels • CD freq. response 20-20,000 Hz • CD s/n ratio 108 dB • FM sensitivity 7.8 dBf • 1-year warranty.

#023HAMBURG **\$349<sup>95</sup>**#023RC09  
optional,  
\$59.95Blaupunkt Pasadena *High-end CD sound!*

The Pasadena's incredibly life-like CD sound will have you driving around for hours! Blaupunkt's BP-1 CD section uses a 3-beam holographic laser pickup and 32X oversampling — your CDs will sound better than ever! Likewise, the all-digital DigiCeiver tuner ensures crystal clear FM sound and reception. The Pasadena uses KeyCard™ security for protection, so you don't have to worry about carrying a faceplate everywhere you go — just store the KeyCard in your wallet.

The powerful 25 watt RMS internal amp will keep you hungry for more tunes. If you want even more power, the three sets of 4-volt preamp outputs send your external amplifier a super-strong signal. There's even a selectable amp turn-on delay to prevent an annoying "thump" from your subs at power-up. A wireless remote is included for convenience.

**Size E** **Depth 6 3/4"** **Key Features:** Fold-down face • KeyCard security • DigiCeiver tuner • 30 presets, including travel presets • seek tuning • station and preset scan • plays CD-Rs • loadless • 3-band parametric EQ • 4-volt front, rear, & mono subwoofer preamp outputs • CD changer controls • disc naming • remote. **Specs:** 25 watts RMS/45 peak x 4 channels • CD frequency response 20-20,000 Hz • CD s/n ratio 108 dB • FM sensitivity 7.8 dBf • 1-year warranty.

## CD &amp; CD/MP3 RECEIVERS

## Panasonic CQ-DP102U • MXE CQ-DPX152U

The new CQ-DP102U is an attractive addition to any car. The high-power (22 watts RMS) amplifier will make your tunes sound great. Bring along your best discs, including your CD-Rs and CD-RWs. Catch the local college game on the Alphanumer V AM/FM tuner. The removable face gives you peace of mind when you're away from home.

**Size** 1 1/2" **Depth** 6 3/4" **Key Features:** Detachable face • Alphanumer V • 24 presets • seek tuning • plays CD-Rs/CD-RWs • loadless • rear preamp outputs • (MXE CQ-DPX152U adds a second set of preamp outputs • remote). **Specs:** 22 watts RMS/45 peak x 4 channels • CD freq. response 20-20k Hz • CD SN ratio 96 dB • FM sens. 11 dBf • 1-year warranty (2 years on the CQ-DPX152U).

#133DP102 **\$139<sup>95</sup>**

The MXE CQ-DPX152U (pictured) adds a second set of preamp outputs, a handy wireless remote, and steps up to a 2-year warranty — for only \$10!

#133DPX152 **\$149<sup>95</sup>**

## Panasonic MXE CQ-DFX572U CD/MP3 receiver

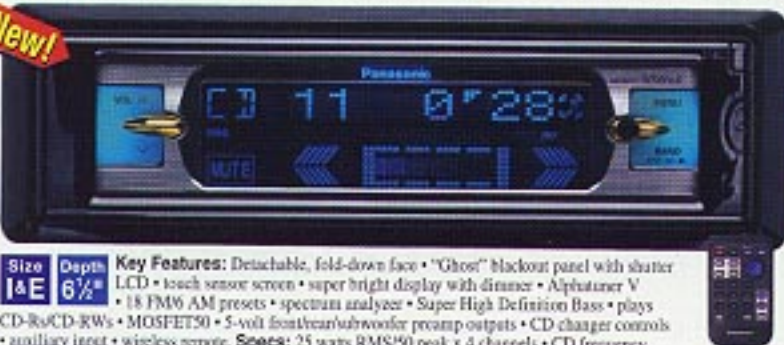

Even if the Panasonic MXE CQ-DFX572U just played CDs, it would be a great addition to your vehicle. But this MOSFET50-powered receiver can also fire up your CD-Rs and CD-RWs, including discs of MP3 files, with the punch and clarity that ordinary built-in amps can't deliver. For some added impact, kick in the Super High Definition Bass (S-HDB). Choose from either "Boom" or "Tight" settings to customize the boost to your bass tones. It also gives a slight boost to the highs in either setting for added definition in the upper frequency ranges.

The blue glow of the CQ-DFX572U's Day/Night faceplate highlights the bright dot matrix display. A large Rotary Commander adjusts the receiver's volume and settings with ease. For power to spare and dynamite bass, add external amps and subs to the three sets of preamp outputs. Add a Panasonic CD changer for even more music choices. If you prefer MD or your portable MP3 player, just plug it into the auxiliary input and turn it up!

**Size** 1 1/2" **Depth** 6 3/4" **Key Features:** Detachable, fold-down face • Day and Night faceplate • blue dot matrix display • Alphanumer V • 18 FM/6 AM presets • seek tuning • S-HDB • plays MP3 files on CD-R and CD-RW • MOSFET50 • auxiliary input • front/rear/subwoofer preamp outputs • CD changer controls • remote. **Specs:** 25 watts RMS/50 peak x 4 channels • CD freq. response 20-20,000 Hz • CD SN ratio 96 dB • FM sensitivity 11 dBf • 2-year warranty.

#133DFX572 **\$329<sup>95</sup>**

## Panasonic CQ-DF802U The "Ghost" virtual control panel features touchscreen controls!

**Size** 1 1/2" **Depth** 6 3/4" **Key Features:** Detachable, fold-down face • "Ghost" blackout panel with shutter LCD • touch sensor screen • super bright display with dimmer • Alphanumer V • 18 FM/6 AM presets • spectrum analyzer • Super High Definition Bass • plays CD-Rs/CD-RWs • MOSFET50 • 5-volt front/rear/subwoofer preamp outputs • CD changer controls • auxiliary input • wireless remote. **Specs:** 25 watts RMS/50 peak x 4 channels • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 11 dBf • 1-year warranty.

## Panasonic MXE CQ-DFX302U • CQ-DF402U

The Day and Night faceplate on the MXE CQ-DFX302U will add a glow to your after-hours drive. And the bright blue display is easy to see, day or night. The punchy 22-watt RMS internal amplifier will have you singing along with your favorite songs. Just slip in a CD-R or CD-RW disc and put on a show! Or, if you want a little variety, let the station seek feature on the Alphanumer V find the music for you. Three sets of preamp outputs make it easy to add external amplifiers to your system.

**Size** 1 1/2" **Depth** 6 3/4" **Key Features:** Detachable, fold-down face • Day and Night faceplate • blue display • Alphanumer V • 18 FM/6 AM presets • seek tuning • loadless • plays CD-Rs/CD-RWs • front/rear/subwoofer preamp outputs • wireless remote • (CQ-DF402U adds CD changer controls • MOSFET45 power). **Specs:** 22 watts RMS/45 peak x 4 channels (23 watts RMS/45 peak for the CQ-DF402U) • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 11 dBf • 2-year warranty (1 year for the CQ-DF402U).

#133DFX302 **\$199<sup>95</sup>**

For just \$20 more, the CQ-DF402U (pictured) adds CD changer controls for hours of music and a powerful MOSFET45 built-in amp. One-year warranty.

#133DF402 **\$219<sup>95</sup>**

## Panasonic CQ-DF602U • MXE CQ-DFX972U

With Panasonic's 3-D Dot Matrix (3DDM) display, you'll want to watch the stereo as well as listen to it! The CQ-DF602U has six display modes, including a spectrum analyzer, to let you jazz up your tunes with a little bit of flash. Adjustable brightness and contrast ensure you'll never have difficulty seeing the receiver's readout in sunlight.

It plays CD-Rs and CD-RWs, but you can also expand your entertainment options with the auxiliary input. You can plug in a portable MP3 or MiniDisc player, or even an XM Satellite Radio tuner (see page 5). For hours of non-stop music, connect an optional Panasonic CD changer. And if you crave more power and thump, add component amps and subwoofers to the three sets of preamp outputs. A wireless remote is included.

**Size** 1 1/2" **Depth** 6 3/4" **Key Features:** Detachable, fold-down face • 3DDM display • MOSFET50 • plays CD-Rs and CD-RWs • Super High Definition Bass • 2.5-volt front/rear/subwoofer preamp outputs • CD changer controls • auxiliary input • wireless remote • (MXE CQ-DFX972U has 3 sets of 5-volt preamp outputs • plays MP3 files on CD-R/CD-RW discs). **Specs:** 25 watts RMS/50 peak x 4 channels • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 11 dBf • 1-year warranty (2 years on the MXE CQ-DFX972U).

#133DF602 **\$329<sup>95</sup>**

The MXE CQ-DFX972U (pictured) adds the ability to play MP3 discs and steps up to powerful 5-volt preamp outputs and a two-year warranty.

#133DFX972 **\$449<sup>95</sup>**

Panasonic uses its expertise with LCD display technology to take stealth faceplates to the next level. The CQ-DF802U features a "ghost" display — a virtual control panel (there aren't any buttons) that seems to disappear into thin air when you turn off the unit! All that remains is a flat black panel.

The ghost LCD is also a touch sensor that lets you easily control the receiver. A light touch on the large, crisply-lit panel is all it takes. Plus, the LCD screen allows for dynamic controls that change function based on the particular menu you're in at the time. Choose from seven accent colors to customize the display to your vehicle. Multiple contrast and dimmer settings guarantee good visibility.

Sure, it looks great, hides itself, and is extremely easy to use, but how does it sound? This receiver packs a MOSFET50 amplifier for strong, clean power, so it sounds great! It also plays CD-Rs and CD-RWs, just insert your favorite disc and enjoy your drive.

#133DF802 **\$399<sup>95</sup>**

## CD &amp; CD/MP3 RECEIVERS

## JVC KD-S580 • KD-S680 Affordable excellence!

You'll get the high power you need plus the great looks you want with JVC's KD-S580 (smaller picture at right). The detachable faceplate has a backlit white display that you can see day or night.

Stay in touch with the news or check out the latest hits with the station-pulling HS-II tuner. Store your preferred tone settings for each source with Advanced Sound Control Memory. You'll get direct track access to any of the first 12 tracks of a disc with one press of a button. Another button switches on the loudness, for full sound at low volumes. Touch the mute (ATT) button, and the volume drops instantly — a big help at drive-thru windows!

**Size** I, J & E **Depth** 7" **Key Features:** Detachable face • HS-II tuner • 24 presets • loudness • preamp outputs • Advanced Sound Control Memory • (KD-S680 has a rotary encoder • two-color display • remote). **Specs:** 17 watts RMS/50 peak x 4 ch. • CD freq. resp. 5-20k Hz • CD s/n ratio 95 dB (98 dB KD-S680) • FM sensitivity 11.3 dBf • 1-year warranty.

#257KDS580 \$129<sup>95</sup>

For another \$20, the KD-S680 (larger picture above) includes a rotary encoder, a backlit two-color display, and a wireless remote. Depth is 6 1/4".

#257KDS680 \$149<sup>95</sup>

## JVC KD-S7250 • KD-S6250 The new "Arsenal" line

Add a little sparkle to your dash! JVC's KD-S7250 (larger picture at right) has a sleek silver faceplate with a rotary control knob for ease of adjustment. The backlit two-color display makes it easy to see your

settings at a glance. A generous two-year warranty is also included.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable face • two-color display • rotary encoder • HS-II tuner • 24 presets • plays CD-Rs and CD-RWs • Advanced Sound Control Memory • direct track access (tracks 1-12) • front and rear gold-plated preamp outputs • remote • (KD-S6250 has an electronic volume control • white display • rear preamp outputs only • does not play CD-RWs). **Specs:** 17 watts RMS/45 peak x 4 channels • CD frequency response 5-20k Hz • CD signal-to-noise ratio 98 dB (95 dB KD-S6250) • FM sens. 11.3 dBf • 2-year warranty.

#257KDS7250 \$169<sup>95</sup>

The KD-S6250 (smaller picture above) has an electronic volume control and a white display, one set of preamp outputs, and doesn't play CD-RWs. Depth 7".

#257KDS6250 \$139<sup>95</sup>

## JVC KD-LH1000 Choose a color or customize one!

What's even more amazing than a 3-D Dot Matrix display? How about a 3-D Dot Matrix display with over 1,700 color combinations! And the

KD-LH1000's other features are just as impressive. JVC's Intelli-EQ (iEQ) includes 9 preset curves and a 3-band parametric EQ to get your tunes sounding punchy. JVC's best HS-III tuner locks onto stations better than standard tuners. If system-building is in your future, you'll be glad to know this receiver has front, rear, and subwoofer preamp outputs for adding component amps and subs (pages 22-26). A wireless remote is included.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable, fold-down face • HS-III tuner • 24 presets • station naming • plays CD-R/CD-RWs • Intelli-EQ (iEQ) • CD changer controls • front/rear/subwoofer preamp outputs • remote. **Specs:** 19 watts RMS/50 peak x 4 ch. • CD freq. resp. 5-20k Hz • CD s/n ratio 102 dB • FM sens. 11.3 dBf • 1-year warranty.

#257KDLH100 \$299<sup>95</sup>

## JVC KD-SX780 Fold-down face protects the CD slot!

Put more power behind your tunes with the beefier internal amp of the KD-SX780.

You'll notice the difference in volume when you roll down your windows! The fold-down, detachable face has more room, so JVC added a bigger display for less squinting. JVC's Custom EQ (C-EQ) has six preset tone settings to get your tunes sounding perfect.

Increase your musical options — plug your portable MP3, tape, or MiniDisc player into auxiliary input and play it through the receiver. Add a CD changer (#257CHX1100, \$179.95), and you'll have all-day tuneage.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable, fold-down face • multicolor display • HS-II tuner • 24 presets • C-EQ • plays CD-Rs and CD-RWs • CD changer controls • front and rear preamp outputs • wireless remote. **Specs:** 19 watts RMS/50 peak x 4 ch. • CD freq. resp. 5-20k Hz • CD s/n ratio 98 dB • FM sensitivity 11.3 dBf • 1-year warranty.

#257KDSX780 \$179<sup>95</sup>

## JVC KD-LX111 • KD-LX333 El Kameleon security!

If it can't be seen, it can't be stolen. That's the premise behind the El Kameleon faceplate of JVC's KD-LX111 (pictured). When the receiver's power is off,

El Kameleon looks like a plain black panel in your dash. But switch it on, and watch what happens: a bright display appears, a rotary encoder motors out, and the control panel rotates into position, ready for use!

BBE II processing helps your music sound more "alive." The C-EQ adds punch to your tunes by compensating for vehicle acoustics. Tired of turning the volume up and down? Let Audio Cruise mode do it for you!

**Size** I, J & E **Depth** 6 1/4" **Key Features:** El Kameleon faceplate • HS-II tuner • 24 presets • C-EQ • BBE II processing • plays CD-Rs/CD-RWs • CD changer controls • preamp outputs • Audio Cruise mode • remote • (KD-LX333 includes gold-plated 4-volt front/rear/subwoofer preamp outputs • line input). **Specs:** 19 watts RMS/50 peak x 4 ch. • CD freq. resp. 5-20k Hz • CD s/n ratio 98 dB • FM sens. 11.3 dBf • 1-year warr. (2-year warr. KD-LX300).

#257KDLX111 \$249<sup>95</sup>

The KD-LX333 has gold-plated 4-volt front/rear/subwoofer preamp outputs for adding component amps and subs (pgs. 22-26), and a line input. 2-year warr.

#257KDLX333 \$279<sup>95</sup>

## JVC digifine2.2 KD-SH707 CD/MP3 • KD-SH55 CD

A MOSFET internal amp for punchy sound. A rugged, motorized aluminum faceplate with a bright, full dot matrix display for luxurious operation.

Thanks to the digifine2.2 KD-SH707, your MP3 discs, CDs, CD-Rs, and CD-RWs have never had it so good! The Intelli-EQ (iEQ) energizes your music with 9 preset curves and a 7-band parametric EQ for fine-tuning. EQ Link assigns iEQ settings for each source (CD, FM, AM, auxiliary input, optional changer). Bass enhancement circuit built in.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Motorized, detachable face • multicolor dot matrix display • HS-III tuner • 24 presets • MOSFET50 amp • iEQ • bass enhancement circuit • plays MP3 files on CD-R/CD-RW • front/rear/subwoofer preamp outputs • CD changer controls • auxiliary input • wireless remote • (KD-SH55 does not play MP3 discs • has front/rear/line-loading preamp outputs • different internal amp design). **Specs:** 19 watts RMS/50 peak x 4 ch. • CD freq. resp. 5-20k Hz • CD s/n ratio 102 dB • FM sensitivity 11.3 dBf • 1-year warranty.

#257KDSH707 \$329<sup>95</sup>

If you don't need the ability to play MP3 discs, JVC's digifine2.2 KD-SH55 (pictured at right) is a great lower-priced alternative. It has a 3-band Intelli-EQ, a different display, and a different built-in amp (no MOSFET50).

#257KDSH55 \$299<sup>95</sup>NOW!  
\$279<sup>95</sup>

## CD &amp; CD/MP3 RECEIVERS

## Aiwa CDC-Z127 • CDC-X227 • CDC-X427 CD receivers

If you have a car alarm and don't need a detachable faceplate, check out Aiwa's CDC-Z127. It'll play your CD-Rs and CD-RWs, and doesn't

skimp on great sound! Four-way high power gets your speakers hoppin', and H-Bass beefs up the lows for more "thump." The CDC-Z127 even includes an auxiliary input, so you can plug in your portable MP3, tape, or MD player. Want to be sure to catch a special radio program? Enter a turn-on time into "My Info," and the radio will switch on like your morning alarm.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** "Smart Jog" rotary knob • "My Info" feature • 30 presets • H-Bass • auxiliary input • plays CD-Rs and CD-RWs • rear preamp outputs • (CDC-X227 has a detachable faceplate • two-color display • red/blue "Smart Jog" illumination) • (CDC-X427 has a multicolor display • remote). **Specs:** 22 watts RMS/45 peak x 4 ch. • CD freq. resp. 17-20k Hz • CD s/n ratio 90 dB • FM sensitivity 12.7 dBf • 1-year warranty.

#570CDCZ127 **\$129<sup>95</sup>**

For only ten bucks more, the CDC-X227 gives you a detachable faceplate, a two-color display with volume meter, and switchable red or blue illumination.

#570CDCX227 **\$139<sup>95</sup>**

The CDC-X427 (pictured) steps up to a multicolor display, and includes a wireless remote.

CDC-X427  
only

## Aiwa CDC-X917M CD receiver • CDC-MP32 CD/MP3

The CDC-X917M features Aiwa's "Magic Flap" faceplate — a state-of-the-art security solution, dot matrix display, and easy-to-use control panel all rolled into one. Whether you're cruisin' in the sunshine or driving at night, a contrast adjustment helps you see the display. And when you power down, the motorized faceplate flips to become a featureless black panel in your dash. That way a thief won't notice anything of value in your dash if he looks in your car window.

Twenty-four watts RMS of 4-way high power delivers full-bodied sound for all your musical sources. Planning to build a system? The efficient 4-volt preamp outputs will send a clean, strong signal to optional component amps (pages 24-26). Plus, the CDC-X917M has connections for an optional Aiwa CD changer (#570ADCM105, \$179.95), so you can step up to multi-disc convenience. Steering wheel remote included.

#570CDCX917 **\$249<sup>95</sup>**

This Aiwa is Internet music-friendly! The CDC-MP32 (pictured above right) plays MP3 files stored on a CD-R or CD-RW. It can also display MP3 text info (ID-3 tags).

#570CDCMP32 **\$349<sup>95</sup>**

The CDC-MA01 plays MP3 or Windows Media Files, and has a red, white, and blue display (see right). Depth is 7".

#570CDCMA01 **\$349<sup>95</sup>**

## Aiwa CDC-MP3 Play your MP3s in your vehicle!

Take your Internet music on the road for less than \$200 with the CDC-MP3! It'll play MP3 files burned on CD-R or CD-RW. And you can store up to 200 songs per disc — more than an entire CD changer's worth of music!

To help you enjoy all that tuneage, this receiver is beefed up with plenty of high power and H-Bass to get the lows pumping. Want even more musical variety? Connect a portable tape or MD player to the front panel auxiliary input. Driver's Sound Stage Adjustment centers the stereo image in the driver's seat. A steering wheel remote lets you control the system and keep your hands on the wheel at the same time.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** Detachable, fold-down face • multicolor display • 30 radio presets • "My Info" feature • front/rear preamp outputs • H-Bass • Driver's Sound Stage Adjustment • auxiliary input • CD changer controls • steering wheel remote. **Specs:** 22 watts RMS/45 peak x 4 ch. • CD frequency response 17-20k Hz • CD s/n ratio 85 dB • FM sensitivity 12.7 dBf • 1-year warranty.

#570CDCMP3 **\$249<sup>95</sup>**

**New!**

## Aiwa CDC-X527M Give your music some extra kick!

Get ready for the new CDC-X527M, where the "M" stands for "More Power!" This feisty CD receiver will pump up your tunes with 24 watts

RMS of built-in 4-way muscle! And that's not all — BBE processing has been included for crisp, punchy sound. Used in production studios worldwide to enhance professional recordings, the benefits of BBE are a button-push away. H-Bass boosts the lows, for full-frequency sound at low volumes, and for those times when you just gotta have more bass.

If all that built-in power isn't enough for some of you, Aiwa understands. That's why you'll find front and rear preamp outputs on the CDC-X527M — just flip to pages 22-26, and upgrade your system from Crutchfield's great selection of component amps and subwoofers. Are you into non-stop musical entertainment? An Aiwa CD changer (#570ADCM105, \$179.95) is the answer — you can control it from this receiver's front panel. Plug your portable MP3, tape, or MD player into the auxiliary output for even more musical variety. The wireless remote gives you more control flexibility on the road.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** Detachable face • "Smart Jog" rotary knob • "My Info" feature • 30 radio presets • BBE processing • plays CD-Rs and CD-RWs • source level adjustment • front and rear preamp outputs • auxiliary input • CD changer controls • wireless remote. **Specs:** 24 watts RMS/50 peak x 4 channels • CD frequency response 17-20,000 Hz • CD signal-to-noise ratio 90 dB • FM sensitivity 12.7 dBf • 1-year warranty.

## Aiwa CDC-MA01 CD/MP3/WMA

**Size** I, J & E **Depth** 6 3/4" **Key Features:** "Magic Flap" security • multicolor dot matrix display • 30 presets • Advanced H-Bass • Driver's Sound Stage Adjustment • auxiliary input • plays CD-Rs and CD-RWs • CD changer controls • front/rear preamp outputs • steering wheel remote • (CDC-MP32 plays MP3 files on CD-R/CD-RW discs • displays MP3 text info — ID-3 tags) • (CDC-MA01 plays MP3 and Windows Media files • has a different display • depth is 7"). **Specs:** 24 watts RMS/50 peak x 4 ch. • CD frequency response 17-20k Hz • CD signal-to-noise ratio 85 dB • FM sensitivity 12.7 dBf • 1-year warranty.

The CDC-MA01's eye-catching red, white, and blue display.

## CD/CASSETTE RECEIVER

## Sanyo FXCD-500 Put CD and cassette in your dash!

With three entertainment sources to choose from (CD, cassette, and radio), the FXCD-500 guarantees you'll have plenty of musical fun all day long! And somehow, Sanyo managed to squeeze all that entertainment into a compact, single-DIN-sized chassis. A detachable face protects your investment from theft. The full-logic tape section includes Dolby B, 9-track music search, and blank skip. The Bassxpander gives you a choice of two unique settings (bass boost, or bass/treble boost) to add punch to all your tunes.

**Size** I, J & E **Depth** 7" **Key Features:** Detachable face • 18 presets • preset scan • CD changer controls • Bassxpander • preamp outputs • full-logic controls • Dolby B. **Specs:** 20 watts RMS/45 peak x 4 ch. • CD frequency response 5-20k Hz • tape freq. resp. 50-15k Hz • CD signal-to-noise ratio 90 dB • tape s/n ratio 62 dB • FM sens. 15 dBf • 1-year warranty.

## CD, CD/MP3, &amp; OVERSIZED RECEIVERS

Pioneer DEH-1400 *Rev up the built-in high power!*

The DEH-1400 is Pioneer's most affordable CD receiver, but it packs a real wallop, with plenty of high power and the sonic agility of Easy EQ.

You can stay in touch with the current news, or check out the latest tunes on the radio with the Supertuner III. If the music seems to be coming completely from the rear speakers, switch on the Front Image Enhancer and the soundstage will move to the front of the vehicle. The detachable faceplate provides extra protection beyond what your car alarm provides. It features a bright blue and white display with a graphic readout of the selected Easy EQ tone contour.

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable face • blue and white display • Supertuner III • 24 presets • travel presets • Easy EQ • Front Image Enhancer • rear preamp outputs. **Specs:** 20 watts RMS/45 watts peak x 4 channels • CD frequency response 5-20,000 Hz • CD signal-to-noise ratio 94 dB • FM sensitivity 9 dB • 1-year warranty.

#130DEH1400 **\$139<sup>95</sup>**

Pioneer DEH-2400F *Fold-down, detachable face!*

The DEH-2400F's flip-down faceplate protects the CD slot from dust and dirt. It's detachable, to prevent theft. And it has a rotary volume knob so you can crank up the 4-way high power quickly, or ease it back more precisely.

Whether you're listening to the station-pulling Supertuner III or playing a CD, CD-R, or CD-RW, Easy EQ's 5 preset curves and 3-band adjustability will shape the sound to your liking. And Easy EQ saves a customized EQ curve for each source, so you won't have to make adjustments when you switch from radio to CD. Add an external amp and sub (pgs. 22-26) for kickin' bass!

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • blue and white display • rotary volume control • Supertuner III • 24 presets • seek tuning • Easy EQ • Front Image Enhancer • preamp outputs. **Specs:** 20 watts RMS/45 peak x 4 ch. • CD frequency response 5-20K Hz • CD SN ratio 94 dB • FM sensitivity 9 dB • 1-year warranty.

#130DEH2400 **\$159<sup>95</sup>**

Pioneer DEH-3400 • DEH-P4400 *MOSFET50 power!*

The DEH3400's MOSFET50 4-way high power packs the punch and clarity that ordinary built-in amps don't. Combine that with the tone-shaping muscle of Pioneer's Easy EQ, and you've got the perfect recipe for dynamic in-dash sound! Choose from "Super Bass," "Powerful," "Natural," "Vocal," or "Flat" preset tone curves, or create and store your own custom curve using Easy EQ's 3-band equalizer. Use it with your CDs, CD-Rs, or CD-RWs for more sonic punch, or in place of loudness when you switch on the Supertuner III. The wireless remote adds convenience to your drive time.

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • blue and white display • rotary volume control • Supertuner III • 24 presets • seek tuning • travel presets • Easy EQ with preset EQ curves • MOSFET50 internal amp • rear preamp outputs • Front Image Enhancer • wireless remote • (DEH-P4400 adds a multicolor display • Sound Focus EQ • CD changer controls • XM Satellite Radio controls • disc naming • 2nd set of preamp outputs — swappable for full-range or subwoofer operation • low-pass filter). **Specs:** 22 watts RMS/50 watts peak x 4 channels • CD frequency response 5-20,000 Hz • CD signal-to-noise ratio 94 dB • FM sensitivity 9 dB • 1-year warranty.

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • blue and white display • rotary volume control • Supertuner III • 24 presets • travel presets • seek tuning • Easy EQ with preset EQ curves • MOSFET50 internal amp • rear preamp outputs • Front Image Enhancer • wireless remote • (DEH-P4400 adds a multicolor display • Sound Focus EQ • CD changer controls • XM Satellite Radio controls • disc naming • 2nd set of preamp outputs — swappable for full-range or subwoofer operation • low-pass filter). **Specs:** 22 watts RMS/50 watts peak x 4 channels • CD frequency response 5-20,000 Hz • CD signal-to-noise ratio 94 dB • FM sensitivity 9 dB • 1-year warranty.

#130DEH3400 **\$179<sup>95</sup>**

The DEH-P4400 (pictured) adds a multicolor display, Sound Focus EQ to enhance stereo imaging, CD changer controls, XM Satellite Radio controls (XM tuners and accessories on page 5), and disc naming. It has 2 sets of preamp outputs. One of the sets can be switched for rear full-range speakers, or used for subwoofers when you set the selectable low-pass filter. Depth is 6 3/4".

#130DEHP440 **\$199<sup>95</sup>**

Pioneer DEH-P47DH • DEH-P77DH *GM/Chrysler fit!*

Pioneer's oversized DEH-P47DH has the perfect dimensions for a snug fit in many GM or Chrysler oversized dash openings. So you get a "factory-installed" look and a larger display as well as premium performance!

You'll love the speaker-rousing punch of Pioneer's MOSFET45 internal amp, and the sound-shaping precision of Easy EQ. If you have a portable MP3, cassette, or MiniDisc player, you can play it through the receiver with an optional auxiliary input (#130CDRB10, \$34.95). Add a Pioneer CD changer to your receiver order, and take advantage of Crutchfield's package discount!

**Size CG** **Depth 5 3/4"** **Key Features:** Detachable face • Supertuner III • 24 presets • travel presets • seek tuning • Easy EQ • MOSFET45 power • Front Image Enhancer • rear preamp outputs may be set for full-range, non-fading, or subwoofer output • CD changer controls • (DEH-P77DH has front, rear, and subwoofer preamp outputs • includes a DFS alarm that sounds an alert through your vehicle's speakers or horn — relays required • wireless remote). **Specs:** 22 watts RMS/45 watts peak x 4 channels • CD frequency response 5-20,000 Hz • CD signal-to-noise ratio 94 dB • FM sensitivity 10 dB • 1-year warranty.

#130DEHP47D **\$249<sup>95</sup>**

The DEH-P77DH (pictured) includes a DFS alarm that sounds an alert through your speakers or car horn (inexpensive relays are required to use the alarm), steps up to front, rear, and subwoofer preamp outputs for more system-building flexibility, and includes a wireless remote.

#130DEHP77D **\$299<sup>95</sup>**

DEH-P77DH only

Pioneer DEH-P6400 • DEH-P7400MP *Easy on the eyes, and ready to accessorize!*

The DEH-P6400's faceplate will really light up your dash, thanks to its Organic EL display. Organic EL is big and bright, with high resolution and a wide viewing angle, so you won't have to squint to read what's on it. It can scroll CD Text from encoded discs, and has detailed setup screens for ease of use, plus animated screensavers.

Thousands of subscribers nationwide are tuning in to catch XM Satellite Radio's 100 channels of digital music and entertainment in their cars every day. And you can enjoy it too — this receiver has XM Satellite Radio controls (XM tuners, accessories, and info on page 5). Plug your portable MP3, tape, or MiniDisc player into the receiver with an optional auxiliary input (#130CDRB10, \$34.95).

#130DEHP640 **\$279<sup>95</sup>**

Fans of Internet music, here's a receiver with your name on it! The DEH-P7400MP (pictured) plays CD-Rs and CD-RWs of your MP3 files. For system-building, selectable high-pass and low-pass filters take the place of a pricey external crossover.

#130DEHP740 **\$329<sup>95</sup>**

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • high-resolution Organic EL display • Supertuner III • 24 presets • seek tuning • travel presets • XM Satellite Radio controls • Easy EQ • Sound Focus EQ • MOSFET50 internal amp • CD changer controls • front and selectable rear/subwoofer preamp outputs • wireless remote • (DEH-P7400MP plays MP3 files stored on CD-R and CD-RW • has high-pass and low-pass filters). **Specs:** 22 watts RMS/50 watts peak x 4 channels • CD frequency response 5-20,000 Hz • CD signal-to-noise ratio 94 dB • FM sensitivity 9 dB • 1-year warranty.

## MOBILE MULTIMEDIA SYSTEM

## Kenwood eXcelon KVT-911DVD CD receiver/DVD video player/TV tuner/video monitor

Get everything you need for a stunning multimedia system (except speakers) in one package! The KVT-911DVD compact mobile theater takes up just a single DIN-sized space in your dash, but delivers high-powered CD sound and AM/FM radio, plus DVD video and UHF/VHF TV reception! And you can expand your system with optional add-on components when you're ready.

Operating all this high-tech equipment is a snap, thanks to touch screen technology. The on-screen menus are easy to read, intuitive, and helpful. Just select a function, then point your finger and touch the video screen in the correct spot to change sources, turn up the volume, or make adjustments.

A hideaway module houses two sets of audio and video inputs for adding a video game system, VCR, or portable MP3 player. You also get Sirius Satellite Radio controls: add a tuner and antenna (more info at [crutchfield.com/sirius](http://crutchfield.com/sirius)) and subscribe to Sirius Satellite Radio — it's now available in select markets. The built-in 6 1/2" wide-screen monitor has switchable aspect ratios — perfect for watching DVDs! When you're ready to power down, fold the screen flat, press a button, and the display retracts into the chassis for storage.

**Size** I, J & E **Depth** 6 1/2" **Key Features:** Manually folding, motor-retracting 6.5" video display • touch screen controls • 24 radio presets • station naming • Sirius Satellite Radio controls (see [crutchfield.com/sirius](http://crutchfield.com/sirius) for more info) • System Q EX • hideaway module with tuners, audio/video inputs and outputs, plus 4.5-volt front/center/subwoofer preamp outputs • diversity TV antenna system • selectable aspect ratios • CD changer controls • System E+ Advanced Crossover • optical digital output. **Specs:** 22 watts RMS/45 peak x 4 ch. • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 115 dB • FM sensitivity 9.3 dBf • 2-year warranty. **Dimensions of hideaway module:** 9"W x 1 1/4"H x 8 3/4"D.

#113911DVD **\$2399<sup>95</sup>**

The TV tuner, AM/FM tuner, a 4-channel amp, 2 sets of audio/video inputs, the audio/video outputs, and the front, rear, and subwoofer preamp outputs are all located in the hideaway module (above right).

## CASSETTE RECEIVERS

## Kenwood KRC-235 • KRC-335 Power up your tapes!

The KRC-235 is the perfect replacement for a worn out factory stereo. Cassettes will sound better than ever, thanks to the beefy 4-way high power. And your tunes will really have some punch when you switch on the ec4 EQ and select one of the five preset tone curves.

This receiver also has changer controls for a Kenwood 6- or 10-disc CD changer (see below). When you add one to your receiver order, you'll get a package discount from Crutchfield. Wireless remote included.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable face • CR-2 tuner • ec4 EQ • rear preamp outputs • CD/MD changer controls • optional auxiliary input (#113CAC1AX, \$19.95) • (KRC-335 adds full-logic controls • music search • blank skip • Dolby B • 2nd set of preamp outputs • more power • System Q instead of ec4 • wireless remote). **Specs:** 20 watts RMS/40 peak x 4 ch. (22 watts RMS/45 peak for KRC-335) • tape freq. resp. 30-14k Hz (30-18k Hz for KRC-335) • tape s/n ratio 52 dB (65 dB for KRC-335) • FM sensitivity 9.3 dBf • 1-year warranty.

#113KRC235 **\$99<sup>95</sup>**

For only \$40 more, the KRC-335 (pictured) adds soft-touch, full-logic controls, music search, blank skip, Dolby B, more power, better tape frequency response and signal-to-noise ratio for cleaner sound, and a wireless remote. It has System Q Sound Control for tone shaping instead of the ec4 EQ. Depth is 6 1/4".

#113KRC335 **\$139<sup>95</sup>**

## Kenwood KRC-535 Motorized D MASK+ security!

Better safe than sorry! The motorized D MASK+ faceplate of the KRC-535 protects your investment two ways: it rotates around to show a plain black panel, or detaches so you can remove it from your vehicle (either way, it'll keep thieves at bay). For your driving safety, the faceplate has a multicolor dot matrix readout that's easy to see. The Direct Program Search System helps you find tunes on your cassettes quickly. And Dolby B noise reduction helps to get rid of annoying tape hiss.

Whether you're listening to a tape or the CR-2 tuner, you can add punch to your music with the 6 preset tone curves of System Q Sound Control. Plug in a portable MP3, CD, or MD player with an optional auxiliary input (#113CAC1AX, \$19.95).

The KRC-535 also has Sirius Satellite Radio controls (coming soon, tuner module and subscription required).

**Size** I, J & E **Depth** 6 1/4" **Key Features:** D MASK+ detachable face • CR-2 tuner • 24 presets • System Q • full-logic controls • Direct Program Search System • Dolby B • front and rear preamp outputs • CD/MD changer controls • switchable button illumination • Sirius Satellite Radio controls • wireless remote. **Specs:** 22 watts RMS/50 peak x 4 channels • tape freq. resp. 30-20k Hz • tape signal-to-noise ratio 65 dB • FM sensitivity 9.3 dBf • 1-year warranty.

#113KRC535 **\$229<sup>95</sup>**

## CD CHANGERS

## Kenwood KDC-C667 • KDC-C717

The KDC-C667 6-disc CD changer plays CD-Rs and CD-RWs. If your receiver has text display capability, this changer can decode CD Text. And it offers multiple mounting angles for more installation options. (Extra 6-disc magazine #113KCAM612, \$29.95).

**Specs:** Frequency response 5-20,000 Hz • signal-to-noise ratio 100 dB • 1-year warranty. **Dimensions:** 10 1/2"W x 2 3/4"H x 7 1/2"D.

#113KDC667 **\$179<sup>95</sup>**

The KDC-C717 accommodates up to 10 discs. Keep an extra 10-disc magazine (#113KCAM112, \$29.95) loaded with more discs and ready to insert in the changer.

**Dimensions:** 10 1/2"W x 3 3/4"H x 7 1/2"D.

#113KDC717 **\$199<sup>95</sup>**

KDC-C717

## CD & CD/MP3 RECEIVERS

### Kenwood KDC-MPV619 • KDC-MPV7019 *Play MP3s!*

Take the fast lane from the information superhighway to the endless highway with the KDC-MPV619.

Just burn a CD-R of your favorite MP3 files, and grab your audio CDs, CD-Rs and CD-RWs — they'll all sound great thanks to the 4-way high power. System Q Sound Control helps you compensate for your vehicle's acoustics, so you can get the tone just right. And you'll have speedy access to your MP3s with Kenwood's high-speed file transport.

The detachable faceplate features a "Color Shock™" variable color display with 67 different color combinations. Your receiver will have as many moods and personalities as there are styles of music! You can link the display's color changes to the music source, or to the time of day. Or, you can simply set it to complement your vehicle's dash lighting — the choice is yours!

The KDC-MPV619 can also control a Kenwood CD changer (page 10) or a Sirius Satellite Radio tuner (service info on page 5) from its front panel.

**Size** I, J & E **Depth** 6 7/8" **Key Features:** Detachable, fold-down face • "Color Shock" display • readout can display ID-3 tags • CR-2 tuner • Sirius Satellite Radio controls • System Q Sound Control • front/rear preamp outputs • CD/MD changer controls • wireless remote • (KDC-MPV7019 has front, rear and subwoofer preamp outputs). **Specs:** 22 watts RMS/50 peak x 4 ch. • CD freq. resp. 10-20k Hz • CD s/n ratio 96 dB • FM sens. 9.3 dBc • 1-year warranty.

#113MPV619 **\$299<sup>95</sup>**

Get the flexibility you need for adding component amps and subs (pgs. 22-26)! The KDC-MPV7019 (pictured) has front, rear, and subwoofer preamp outputs.

#113MPV7019 **\$319<sup>95</sup>**

## Kenwood eXcelon: vital gear for maximum musical enjoyment!

Your in-dash receiver is the central link in your vehicle's musical chain. And Kenwood eXcelon receivers consistently deliver superior performance — why trust your CDs, CD-Rs, and CD-RWs to anything less?

eXcelon

### Dynamic sound contouring the "System Q EX" way

Some tone-shaping features can sound "boomy" when you turn up the volume. But with Kenwood's System Q EX Sound Control, you'll bid farewell to muddy music! First, choose a preset curve (Rock, Top 40, Pops, Jazz, Easy, or Flat) that you like. Then fine-tune it with the parametric EQ to compensate for your vehicle's acoustics. It's that easy!

### Kenwood eXcelon KDC-X759 • KDC-X859 *D Mask+!*

When you step up to Kenwood eXcelon, you get one of the finest CD receivers made today! The KDC-X759 (right)

gives you the security of a D MASK+ motorized, detachable faceplate, the convenience of a rotary control knob, and the visual excitement of a high-res "MegaMotion" display. Add to that 4-way high power plus the precision tone shaping of System Q EX, and you've found the formula for on-road fun! Want to kick up the entertainment level even more? Connect a CD changer (pg. 10), an auxiliary input (#113CACIAX, \$19.95) for your portable MP3, MD, or tape player, or a Sirius Satellite Radio tuner (service info, pg. 5).

**Size** I, J & E **Depth** 7" **Key Features:** D MASK+ motorized, detachable face • rotary control knob • MegaMotion display • green button illumination • CR-2 tuner • Sirius Satellite Radio controls • System Q EX Sound Control • 4.5-volt front/rear/subwoofer preamp outputs • CD/MD changer controls • remote • (KDC-X859 plays MP3 files on CD-R • has a 3-D FL multicolor display • selectable red/green button illumination). **Specs:** 22 watts RMS/50 peak x 4 ch. • CD freq. resp. 10-20,000 Hz • CD s/n ratio 105 dB • FM sensitivity 9.3 dBc • 2-year warranty.

#113KDCX759 **\$449<sup>95</sup>**

The KDC-X859 plays MP3 files encoded on CD-R, has a 3-D FL multicolor display (pictured at right), and selectable red or green button illumination.

#113KDCX859 **\$499<sup>95</sup>**

### Kenwood KDC-719 • KDC-MP819 *Sophistication!*

Hit the road in style with the KDC-719! This attractive CD receiver combines high tech looks with high performance sound. Kenwood's 3-D FL is a state-of-the-art fluorescent display that delivers brighter, more colorful graphics and text. A smoked lens enhances the display's visibility in sunlight by reducing glare.

The zero-bit mute circuit silences even the smallest amount of hiss when there's no audio signal. If you're using component amps (pages 24-26), you can switch off the KDC-719's internal amp so it'll run as cool as a spring breeze. Your portable MP3, tape, or MiniDisc player will sound large as life when you plug it into the receiver with an optional auxiliary input (#113CACIAX, \$19.95). And you can turn your car into a dance club on wheels when you add a 6- or 10-disc Kenwood CD changer (page 10).

**Size** I, J & E **Depth** 6 7/8" **Key Features:** Detachable, fold-down face • 3-D FL multicolor display • CR-2 tuner • 24 presets • station naming • Sirius Satellite Radio controls • System Q Sound Control • front and rear preamp outputs • CD/MD changer controls • wireless remote • (KDC-MP819 plays MP3 files encoded on a CD-R • reads ID-3 tags • has an auxiliary input). **Specs:** 22 watts RMS/50 peak x 4 channels • CD frequency response 10-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 9.3 dBc • 1-year warranty.

#113KDC719 **\$319<sup>95</sup>**

The KDC-MP819 (pictured) plays MP3 files encoded on a CD-R, and has a built-in auxiliary input for your portable tape or MiniDisc player. If your MP3 files have embedded text info (ID-3 tags), the KDC-MP819 can display them.

#113MP819 **\$379<sup>95</sup>**

### Digital satellite radio — up to 100 channels, nationwide!

Music, news, sports, entertainment — Sirius Satellite Radio has it all. And now you can get it in select markets for only \$12.95 a month! Just add a Sirius tuner (more info at [Crutchfield.com/sirius](http://Crutchfield.com/sirius)) to your Kenwood eXcelon receiver, and start enjoying radio the way it was meant to be. Coast-to-coast reception (soon), 100% commercial-free music, digital-quality sound — it's the on-road entertainment you've always longed for!

### Kenwood eXcelon means peace of mind!

All Kenwood eXcelon components feature a generous two-year warranty.

## DIGITAL MUSIC PLAYER

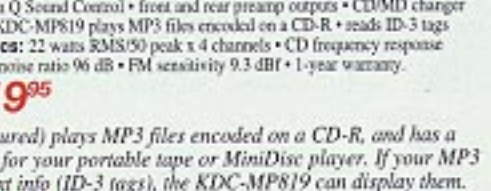

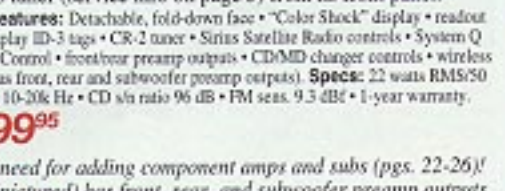

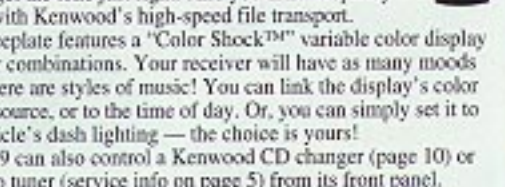

### Kenwood eXcelon KHD-CX910 *Music Keg system*

There's never been an easier way to bring your entire music collection with you in your car — even your Internet music files! The KHD-CX910 Music Keg is a state-of-the-art Digital Music Player, powered by PhatNoise™, with a 10-gigabyte memory cartridge that stores up to 2500 MP3, WAV, or Windows Media (WMA) files. Connect it to any 1999 or later Kenwood changer-controlling receiver that reads CD Text for skip-free digital playback.

How does it work? First, you organize the music files on your PC using the powerful music management software. Then you insert the data storage cartridge into its desktop cradle, and download the files onto it through your computer's USB port (it's much faster than downloading files from the Internet). Pop the loaded cartridge into the Music Keg, and you're ready to rock for days!

**Key Features:** Plays MP3, WAV, and Windows Media (WMA) files • Music Management CD-ROM included • 10-gigabyte data storage cartridge • desktop cradle • connects to any 1999 or later Kenwood changer-controlling receiver with CD Text capability • minimum system requirements: Pentium II with 200 MHz processor or higher, 64 MB RAM, and Windows 98, ME, 2000, or XP operating systems — does not support Mac OS. **Dimensions:** 8 1/2" W x 2 3/4" H x 8 1/2" D.

#113KHDCX91 **\$749<sup>95</sup>**

## CD RECEIVERS

Kenwood KDC-119 *Affordability and convenience!*

Let Kenwood rock your ride with 22 watts RMS of 4-way high power! The KDC-119 also features System Q Sound Control, so you can change the tone contour to match your vehicle's acoustics, or add more punch to your tunes. It's a snap with 6 preset EQ curves (Rock, Top 40, Jazz, Easy, Pops, and Flat) plus a 3-band parametric EQ for precision tuning. The Mobile Presets function lets you match System Q's settings to the type of speakers in your vehicle.

The sensitive CR-2 tuner pulls in radio stations better than factory tuners. Seek tuning helps you find stations quickly, and you get plenty of presets for all your favorites. For your viewing convenience, the clock and source information can be displayed at the same time. And source tone memory stores the bass, mid, and treble settings for FM, AM, and CD, so you don't have to make adjustments each time you switch sources.

**Size I, J & E** **Depth 6 3/4"** **Key Features:** CR-2 tuner • 18 FM/6 AM presets • seek tuning • travel presets • System Q Sound Control • speaker size-matching • source tone memory • rear preamp outputs. **Specs:** 22 watts RMS/45 peak x 4 channels • CD frequency response 10-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 9.3 dBf • 1-year warranty.

#113KDC119 **\$129<sup>95</sup>**Kenwood KDC-319 • KDC-419 • KDC-4019 *Ready to add a Sirius Satellite Radio tuner!*

You'll discover the joys of a fold-down, detachable faceplate with the KDC-319. It helps to protect the CD slot from dust and foreign objects, and has the extra space for a larger display that's easy to see.

And that's a good thing, because the KDC-319 gives you access to more sources of entertainment. You can boogie the night away without changing a disc when you add a Kenwood CD changer (page 10). If you have a portable MP3, tape or MD player, you can plug it in with an auxiliary input (#113CAC1AX, \$19.95). Plus, you have the option to add a Sirius Satellite Radio tuner (service info on page 5).

Kenwood also included a wireless remote that has a keypad for accessing additional receiver functions. It's a real convenience when cruising the interstate, or for passing around to your passengers.

#113KDC319 **\$179<sup>95</sup>**

The KDC-419 has a dot matrix readout (pictured just below), plus contrast and dimmer controls. Calendar mode shows the day, month, and year on the display.

#113KDC419 **\$199<sup>95</sup>**

Kenwood KDC-519 • KDC-5019 *Motorized D MASK+ detachable faceplate for security!*

**Size I, J & E** **Depth 7"** **Key Features:** D MASK+ motorized, detachable face • viewing angle adjustment • multicolor display with backlight • contrast and dimmer controls • CR-2 tuner • 18 FM/6 AM presets • seek tuning • station naming • Sirius Satellite Radio controls • System Q Sound Control • front and rear preamp outputs • CDMD changer controls • zero-bit mute circuit (switches off the receiver output when no audio signal is present) • wireless remote • (KDC-5019 has a bright blue and white display • switchable red or green key illumination). **Specs:** 22 watts RMS/50 peak x 4 channels • CD frequency response 10-20,000 Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 9.3 dBf • 1-year warranty.

#113KDC519 **\$269<sup>95</sup>**Kenwood KDC-217 • KDC-2019 *Dual-color display!*

The cool blue and white display of the KDC-217 is very easy on your eyes! It lets you see the information you need without distracting you from your driving. The faceplate's buttons and controls (like the large blue "Source" and "System Q" buttons) are easy to find. And the faceplate is detachable, so you can take it with you when you park for extra peace of mind.

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable face • CR-2 tuner • 18 FM/6 AM presets • seek tuning • System Q Sound Control • source tone memory • rear preamp outputs • (KDC-2019 adds CDMD changer controls • auxiliary input capability • has front and rear preamp outputs). **Specs:** 22 watts RMS/45 peak x 4 ch. (50 watts peak KDC-2019) • CD freq. resp. 10-20k Hz • CD signal-to-noise ratio 96 dB • FM sensitivity 9.3 dBf • 1-year warranty.

#113KDC217 **\$149<sup>95</sup>**

The KDC-2019 (pictured) adds CD changer controls (page 10), front and rear preamp outputs for more flexibility, and more peak power. An optional auxiliary input (#113CAC1AX, \$19.95) lets you connect a portable MP3, CD, or MiniDisc player, or a plug-and-play satellite radio tuner (tuner info, page 5).

#113KDC2019 **\$159<sup>95</sup>**

**Size I, J & E** **Depth 6 3/4"** **Key Features:** Detachable, fold-down face • CR-2 tuner • 18 FM/6 AM presets • System Q Sound Control • front and rear preamp outputs • CDMD changer controls • wireless remote • (KDC-419 has a dot matrix readout • contrast and dimmer controls • date display) • (KDC-4019 has the same display as the KDC-319 • includes a subwoofer preamp output). **Specs:** 22 watts RMS/50 peak x 4 ch. • CD frequency response 10-20k Hz • CD signal-to-noise ratio 96 dB • FM sens. 9.3 dBf • 1-year warranty.

The KDC-4019 (pictured) and the KDC-319 have the same display. The subwoofer preamp output lets you add a component amp and subwoofer (see pages 22-26.)

#113KDC4019 **\$219<sup>95</sup>**

Step up to motorized convenience with the D MASK+ faceplate of the KDC-519 (left)! It has a viewing angle adjustment so you can see the readout easily. When you power down, the bright multicolor display vanishes, and the faceplate motors around to become a featureless black panel (not an attractive target for stereo thieves). You can also detach the faceplate and remove it for added security.

Digital satellite radio is taking the country by storm. Sirius Satellite Radio is now available in select markets, and you can control a Sirius tuner (see page 5 for service info) with this receiver. Sirius broadcasts up to 100 channels of digital music, news, sports, and entertainment. A wireless remote is included.

#113KDC519 **\$249<sup>95</sup>**

The KDC-5019 has a blue and white display (pictured below) to complement your car's interior dash lighting, plus selectable red or green key illumination.

## CASSETTE RECEIVERS

Sony XR-CA330 *Replace a worn-out factory stereo!*

A few short years ago, all the great features you get in Sony's XR-CA330 cassette receiver would have cost you much more than \$99.95. And this silver sound machine will really enhance your listening enjoyment with its detail-revealing 4-way high power — your tapes will rock!

To improve the stereo imaging in the driver's or passenger's seat, press the "MBP" button (it stands for "My Best sound Position"). To get the bass notes throbbing, switch on D-Bass processing. This Sony has XM Satellite Radio controls so you can add a tuner module (coming soon) and subscribe to XM's 100 channels of digital music, news, sports, and entertainment. Or, put a road trip's worth of tunes at your fingertips when you add a Sony CD changer (see below). If you purchase a receiver/changer combo, you'll get our package discount.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** Detachable face • SSIR-EX tuner • 30 presets • D-Bass • "My Best sound Position" (MBP) • rear preamp outputs • CD/MD changer controls • CD Text (with compatible changer). **Specs:** 22 watts RMS/45 peak x 4 ch. • tape freq. resp. 30-15k Hz • tape s/n ratio 55 dB • FM sensitivity 11 dBf • 1-year warranty.

#158XRCA330 **\$99<sup>95</sup>**Sony Xplōd XR-CA630X *Turn it up with Xplōd power!*

Play your tapes in style with the XR-CA630X! This may be Sony's most attractive cassette receiver ever, with lots of bang for your buck, thanks to built-in Xplōd

power. The fun starts when you crank up the volume with the Rotary Encoder. And when you switch on the EQ7, you'll send your tunes to sonic wonderland — its 7 preset EQ curves and 7-band adjustability give you pinpoint control over the receiver's sound contour.

Want some musical variety? This multifaceted receiver includes XM Satellite Radio controls (optional tuner module coming soon) and CD changer controls (changers below). If you order a receiver and changer together, we'll give you a package discount! Settle back and enjoy the ride with the wireless remote.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** Detachable face • SSIR-EX tuner • 30 presets • EQ7 • "My Best sound Position" (MBP) • preamp outputs • CD/MD changer controls • CD Text. **Specs:** 22 watts RMS/45 peak x 4 ch. • tape frequency response 30-15,000 Hz • tape signal-to-noise ratio 55 dB • FM sensitivity 11 dBf • 1-year warranty.

## CD &amp; CD/MP3 RECEIVERS

Jensen CD315X *Dramatic Night-Glo™ illumination!*

You'll find yourself wishing for nightfall when you have the CD315X in your dash. It has an amazing Night-Glo™ faceplate that looks metallic during the day, but radiates with a warm red glow when the cab of your vehicle is dark!

This popularly-priced CD receiver plays CD-Rs as well. And you can program up to 24 tracks of a single disc for playback in any order. The CD315X features the Jensen Plus tuner for strong, clear radio reception. And it has seek tuning and preset scan to help you find stations quickly, with plenty of presets to store all your favorites.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable face • Night-Glo illumination • Jensen Plus tuner • 18 FM/12 AM presets • seek tuning • preset scan • plays CD-Rs • rear preamp outputs • loudness feature • 24-track programming. **Specs:** 12 watts RMS/30 watts peak x 4 channels • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 86 dB • FM sensitivity 12 dBf • 1-year warranty.

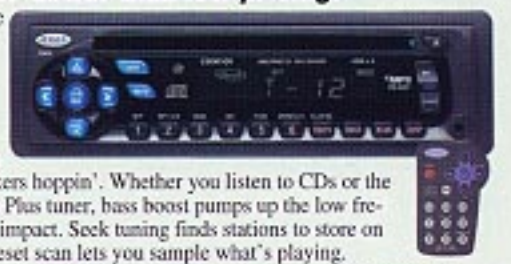

#110CD315X **\$119<sup>95</sup>**Jensen CD3010X *Lower than low pricing!*

Don't need a detachable face? You can save money and get more great features with the CD3010X. You'll step up to 14.5 watts RMS

— enough built-in high power to get your speakers hoppin'. Whether you listen to CDs or the station-grabbing Jensen Plus tuner, bass boost pumps up the low frequencies for maximum impact. Seek tuning finds stations to store on the 30 presets, while preset scan lets you sample what's playing.

You can boost your system's overall power by connecting a component amplifier (pages 24-26) to the preamp outputs. And the front-panel auxiliary input lets you add a portable tape, MD, or MP3 player, or even a "plug-and-play" satellite radio tuner (see page 5). A wireless remote is included.

**Size** I, J & E **Depth** 6 3/4" **Key Features:** Jensen Plus tuner • 18 FM/12 AM presets • seek tuning • preset and station scan • travel presets • mute button • rear preamp outputs • front-panel auxiliary input • bass boost • 24-track CD programming • wireless remote. **Specs:** 14.5 watts RMS/45 peak x 4 channels • CD frequency response 20-20,000 Hz • CD signal-to-noise ratio 86 dB • FM sensitivity 12 dBf • 1-year warranty.

#110CD3010X **\$79<sup>95</sup>**Jensen MP3510 *Easy access to your MP3 files!*

Save \$30 and bring your MP3 files along on the road! When you choose the MP3510 (only \$199.95), your drive-time menu will include Internet music stored on CD-R or CD-RW. You'll get access to your MP3 files or CD tracks quickly — just use the preset buttons on the receiver or the keypad on the wireless remote to enter the file or track number. You can program up to 24 MP3 files or CD tracks for playback. And the MP3510 can display encoded MP3 text info (ID-3 tags, Version 1 only) so you can identify your files by title and artist.

The sensitive Jensen Plus tuner pulls in radio stations accurately. You'll get seek tuning to help find 'em, and both preset scan and station scan to check out what's on the air. The front panel auxiliary input lets you connect a portable tape or MD player, or a plug-and-play XM Satellite Radio tuner (page 5) so you can subscribe to 100 channels of digital music, news, and entertainment.

**Size** I, J & E **Depth** 6 1/4" **Key Features:** Detachable face • multicolor display • Jensen Plus tuner • 30 presets • seek tuning • preset scan • station scan • plays MP3 files encoded on CD-Rs and CD-RWs • MP3 file direct access • folder up/down buttons • rear preamp outputs • front-panel auxiliary input • loudness • wireless remote. **Specs:** 17.5 watts RMS/45 peak x 4 ch. • CD freq. resp. 20-20k Hz • CD signal-to-noise ratio 90 dB • FM sensitivity 12 dBf • 1-year warranty.
